

TYSELEY – STOCK LIST

Notes

From time to time locomotives & stock may be loaned out to other railway centres for static display or to operate services. Main line certified engines may be temporarily stabled away from home in order to undertake mainline duties. Guest Locomotives & rolling stock are included. These may be stabled at Tyseley Locomotive Works for attention or using Tyseley as an operating base, including use on Vintage Trains charter trains.

Please note that this list is maintained by volunteers and may not be complete at the date shown.

Some locomotives & rolling stock may not be on view in areas accessible by visitors to Tyseley Locomotive Works. Visitors are only admitted to the works site on Tyseley Open Days or by pre-booked special arrangement.

BH=Barrow Hill ; BR=BR Power Classification ; BRC= Buckinghamshire Railways Centre ; BMO=Birmingham Moor Street Station ; Tours=Frequently away from Tyseley on other duties ; sp=used for spares

Coaches in Vintage Trains mainline operational fleet : TY01 = vacuum braked/steam heat ; TY02 = air braked/eth
